BRING YOUR OWN DEVICE

Blue Heron is excited to offer students the opportunity to bring their own device. Before deciding to participate in this program please check with your child's classroom teacher. There are many different options of devices available, we recommend Chromebooks. They are a simple device that allows students to access their Google accounts easily and are affordable. This is an option for our students not a requirement. Blue Heron does have Chromebooks for students to use as they are available. Click here for more information or email Mrs. Hohman.
